### Complete 100 trips in 3 weeks

Once you've activated your account, complete 100 trips within 3 weeks.

We recommend completing an **average of 33 trips every week**. This is to help you set attainable weekly goals and qualify for all incentives available to new delivery partners within this minimum earnings programme.

3

### Earn \$1000!

Earn **\$1000** in total trip fares and other incentives when you complete 100 trips within 3 weeks of activating your account:

- **\$650** minimum earnings for 100 trip fares.
- **\$200** new joiner bonus for first 15 trips completed within your first 7 days.
- **\$150** Quest incentives over 3 weeks, for 30 trips completed each week.

## How to earn \$1000 in 3 weeks

We're making sure you take home a **minimum of \$650** in total trip fares (including **Boost**) when you complete **100 trips** within your first **three weeks** with Uber Eats.

This means that we'll be adding a **TOP-UP** if your actual total earnings for 100 trips fall **below** the minimum amount assured of \$650.

*For example: If you earned \$600 for 100 trips (including Boost), we will top-up \$50 to ensure you receive \$650.*

### That's not all!

If you divide your first 100 trips equally over 3 weeks and complete an **average of 33 trips per week**, you'd qualify for **ADDITIONAL incentives!**

- **\$200**

The **NEW JOINER BONUS** rewards you with \$200 when you complete 15 trips within your first 7 days of activation.

- **\$150\***

Unlock weekly **QUEST INCENTIVES** when you complete 30 trips per week.

Hard work pays off at Uber Eats; so keep going and earn more as you deliver on your motorcycle.

Total earnings refer to 100 trip fares + Boost only. Top-up will only be added if actual total earnings fall BELOW \$650. Your actual total earnings for 100 trips will not be impacted if it is HIGHER than the \$650 minimum at the end of 3 weeks. The \$650 minimum earnings amount is meant to provide our new partners with more certainty in their minimum take home earnings.
